BAND STORY

"Glad Prosper A.I, is a unique RnB singer based in Russia federation. He was born to Nigerian parent's in a popular city called Lagos and later relocated to the Russia federation. Glad started singing from a tender age and has always aspired to become a great singer. His love for music became evident when even at twelve he would imitate Michael Jackson by trying to sing and dance like him. His first song was writing when he was eight years old. And later on he developed himself by listening to Bob Marley and developing a strong desire to use music to reach out to people and also influence global situations. His first demo tape was recording in Abuja, Nigeria and that gave him the push to continue the pursuance of his childhood dream to become a great musician. Professionally, is music career begun when he relocated to Russia to further his Education. He came across two young men who were also musicians (Davidson and Oleg). They formed a three man band and named it Wubaduba and they started recording songs and performing in various concerts within the Russia Federation. After being with the group for about two years, Glad decided to go solo to pursue his career independently and ever since then, he has not looked back. In 2009 he established his own independent record label called Glad De Greatest Music (GDG Music) and he started up with recording songs for his forthcoming debut album scheduled to be release in the last quarter of the year 2010. He has released two major singles (No Justice In The World and That One) which are both currently receiving massive airplay on internet and terrestrial radio stations in Europe, The USA and Africa. His music is a blend of RnB, Hiphop and

Reggae, something new with a unique melody. For Glad, the sky is just the starting point because he is determined to take his music career to greater heights and build a worldwide acceptable kind of music. His voice can be compared to the likes of lemar, seal, steel, 2face idibia, and neyo. He is also a very good songwriter and he put more attention on his lyrical content. A track in his forthcoming album titled "Mr President" was richly done with his soft, sweet, strong voice and deep lyrical content. One word you will always hear him say is "In God I Trust". Glad has got great talent to watch out for. His debut album will soon be in everyone's music shelves. "
